To Whom It May Concern:

Aaron's Concrete Pumping has been recognized as one of the leading top Woman Owned Businesses who have found their niche in the construction industry as the only WBE/WOSB in concrete pumping and products. Whiting-Turner has utilized Aaron's on a number of projects, experiencing their professional and quality workmanship as well as their timely performance.

The Whiting-Turner Contracting Company's corporate policy on diversity subcontractor and suppliers is to engage in a minimum 5% on every project unless dictated by a specific contractual requirement either on federal or state and local government projects.

We look forward to continuing our relationship with Aaron's Concrete Pumping in the future.

Sincerely,

Joanna Harmon
